

## MITSUBISHI MU-2 TECHNICAL PUBLICATIONS

This document contains a list of the current Manuals, Catalogs and selected Service Information for Mitsubishi MU-2B series aircraft, including the latest applicable revisions.

All MU-2 technical publications are available from Veryon (formerly ATP) on an annual subscription basis. Veryon can be reached at 548 Market Street, Suite 42403, San Francisco, California 94104, Tel: +1-800-747-4560, Email: [learnmore@veryon.com](mailto:learnmore@veryon.com), Web: [veryon.com](http://veryon.com).

Only Airplane Flight Manuals, Pilot's Operating Manuals and FAA Accepted Pilot Checklists are available for sale from MHIA. Airplane Flight Manuals and Pilots Operating Manuals will be delivered together as a package and never sold separately.

For any questions related to MU-2 Technical Publications, please contact Mitsubishi Heavy Industries America, Inc. (MHIA):

A brief summary of Publications Revision/Reissues, Service Information, and list of models is presented below.

### Publications Revisions and Reissues

Mitsubishi MU-2B series aircraft are certified under one of two type certificates, either A10SW or A2PC. A10SW aircraft carry the letters "SA" at the end of the aircraft serial number. All aircraft manuals for A2PC aircraft carry a part number starting as YET xxxxx (example: YET 67164) where xxxxx is a specific number. All A10SW aircraft manuals carry part numbers starting as MR-xxxx (example: MR-0342).

As engineering, operational or maintenance changes become necessary, revisions and/or reissues of applicable publications are prepared and issued by Mitsubishi Heavy Industries, Ltd. (MHI), Nagoya, Japan, and distributed by Mitsubishi Heavy Industries America, Inc. (MHIA) in Dallas, Texas. Revisions incorporate a number of changes and are only part of a book. A reissue reflects complex changes or a large number of changes and is a complete book. Reissues are identified by a numerical suffix after the basic part number. Example of paper publication part numbers:

- MR-0342 – Basic Part Number of Parts Catalog
- MR-0342 Rev 1 – First Revision to the basic Parts Catalog
- MR-0342-1 – First Reissue of the basic Parts Catalog
- MR-0342-1 Rev 1 – First Revision to the First Reissue to the Parts Catalog

### Service Information

Mitsubishi MU-2 Service Information consists of Service Bulletins (SB), Service Recommendations (SR), Service News (SN) and Service Letters (SL). Service information that applies to A2PC aircraft will be numbered as SB xxx or SN xxx (example: SB 035). Service information that applies to A10SW aircraft will be numbered as SB xxx/xx-xxx or SN xxx/xx-xxx (example: SB 072/24-001). Any of these documents may be amended as indicated by a revision letter and date. Some Service News and Service Letters may apply to both A2PC and A10SW aircraft and will be designated under two numbers.

Periodically, MHI publishes a listing of all Service Information, applicable to either A2PC or A10SW aircraft. Each Service Information index will apply only to A2PC aircraft or A10SW aircraft. The current indices are:

- A2PC aircraft: .....Service News No. 047, Rev. AA, dated May 1, 2021
- A10SW aircraft: ..... Service News No. 034/00-001, Rev. T, dated May 1, 2021
